Project Mission Statement

Our project is intended to contribute to the preservation of Venetian heritage by raising awareness through interactive information.

Project Objectives

1. To validate and integrate existing catalogs on artifacts embedded in church floors
2. To validate and integrate existing catalogs on bells
3. To determine cost and priorities of restoration using the organized databases
4. To demonstrate a prototype to manage collections of data

Accomplishments of the week:

- Meagan edited the Introduction and Background
- Meagan added a Figures table
- Meagan looked at Fitch's book and websites Fabio suggested
- Meagan and Tim reworked the presentation
- Tim and Phoebe revised Methodology
- Phoebe revised the first Introduction paragraph and first paragraph of Background introduction
- Phoebe edited the proposal
- Alex compiled Annotated Bibliography and Bibliography
- Alex created and compiled killer graphics
- Team continued research
- Team reworked the Mission Statement and Objectives

Discussion Topics

Methodology, Presentation, and Background

Team Issues

- Comments on Final Presentation
 - Confused about a 3/10 for organization and 2/10 for passion

Plan for the coming week:

- Finish updating the Wiki – (Tim)
- Make suggested changes to Presentation – (Team)
- Pack – (Team)
