

Venice Preserve: Advisor Meeting 1 Minutes

September 3, 2008

Group: Phoebe Riley, Meagan Foley, Tim Navien, Alex Larsen

Advisors: Paul Davis, Fabio Carerra

Meeting Manager: Alex Larsen

Secretary: Phoebe Riley

Call to order 1pm, IGSD Conference Room

**Preserve:** only Project saving Venice vs. saving Venetians.

Typical of the Venice projects (all other projects this year geared toward saving Venetians)

### **Work load**

- equal share of work for advisors (both equally invested)
- 1/2 credit world load A-term
- can't expect advisors to do the same
- PQP= 1/6 credit
  - proposal→ get an A by taking initiative and working on own will: WILL NOT get an A by being dragged through it
- ID 2050
  - 1/3 italian
  - 1/3 culture
  - 1/3 presentations
- Team Dynamics
  - fix problems head-on→won't resolve by ignoring them, get worse with time

### **Expectations**

- Professionalism: dress the part in Venice(when with sponsors)
- \*set up meeting with Fabio outside of PQP
  - has CDs in office w/information
  - checkout info from previous IQPs
- \*\*What do preservations need to know about art?
  - classes of art? Characteristics of art?→potential areas of research
  - THE CHURCH: likely will be looking at church floors
    - dynamics of the church, hierarchy, etc

### **Likely Direction**

- Bell Towers→previous IQP done 2004 on Bells
  - giving bell towers a purpose (ex: sprinkler system)
- Church Floors
- Revamping catalogs/websites
  - making info available
  - PreserVenice has a lot of "under construction"
  - Bringing project to the forefront: Pamphlets-giving back to the church

## Virtual tours of churches & bell towers

### Preservation issues

- church benches: need rearranging
- bells: fall into disrepair

\*\*\*Revisit old proposal→GIVE PURPOSE

- turning bell towers into sprinkler system w/ wells
- funding from the church
- establish relationships
- UNESCO (organization dedicated to preservation: channel untaxed money) & Regione
