

## **Preserve IQP Meeting Agenda For 10/1/08:**

### **Documents Attached**

Assignment #8

### **Project Mission Statement**

Our project is intended to raise awareness of and contribute to the maintenance of Venetian heritage by cataloging, organizing, and publishing interactive information.

### **Project Objectives**

- 1.To organize existing data, specifically pertaining to churches, bell towers, and public art.
2. To validate, expand, and complete existing WPI church floor and bell tower catalogues.
- 3.To determine an easy and efficient method to display, manage, and maintain the data
- 4.To develop and demonstrate a functional prototype of the data management system

### **Accomplishments of the week:**

- Meagan extended the outline for the Background
- Phoebe revised Moves 1-4 and added move 5
- Tim revised outlined Methodology
- Alex compiled Annotated Bibliography and Bibliography
- Team continued research
- Team complied killer graphics
- Met with Kyle Miller
  - Viewed and discussed PreserVenice presentation
  - Gave us insight on what to expect in Venice

### **Discussion Topics**

Introduction, Background outline, Methodology, killer graphics, and presentation

### **Team Issues**

- Detail of Introduction and Background
